

Code of behaviour for KMU Students

Hi there!

We are so happy to finally see the **reunion of our Community and University** in KMU state-of-art facilities! In order to be a super student you have to follow a **set of simple rules and tips&tricks** we have developed for you.

Everything you see around you is the result of the **hard-work of a large family** of the Kyiv Medical University and it is all for our community.

A cool atmosphere, companionable classmates, inspiring teachers, a comfortable and modern environment – this is exactly what you need to transform yourself as a **future physician** and **leader**.

Take advantage of the opportunities that the University provides you with. Find friends, be curious, enthusiastic and **success will surely find you**.

Scroll down!

I. Behaviour of a Medical Student

Respect faculty members, staff and your mates!
The atmosphere of mutual respect is the best environment for personal and professional development.
Treat others as you want to be treated!

Always dress for the weather! Winter in Ukraine may be freezing so do not walk around in flip-flops. Wear winter boots with warm socks underneath, warm pants and heavy waterproof winter coat. Really a winning decision will be wearing a thermal underwear. Protect your hands with gloves and head with warm hat!

In summer it can be hot. Temperatures can reach 90°F / 32°C or above, so you'll want your breeziest clothing. Kyiv is understatedly trendy, so pastels, brights, and neutrals are all fine here.

Medical Coat is a must for any physician!
Please always keep your coat clean and tidy, wear it while attending any type of classes or trainings at Center for Simulation Training and Assessment.

Personal Hygiene Rules

Personal hygiene is a necessity of life. Staying clean helps us to build relationships, stay healthy and raise our self-esteem.

Practicing a hygienic lifestyle means washing and maintaining all parts of the body that affect appearance and smell by regular bathing, brushing teeth, and washing hair.

For medical students it is especially important to stay clean and take care of your personal hygiene.

Here are 5 tips for your personal upkeep as a healthcare professional:

1

Bathing before classes should be part of your basic, personal, hygienic routine.

2

Make sure to thoroughly wash your hands or use hand sanitisers throughout the day.

3

When you get home from your classes, wash your clothes to kill germs and get rid of stains.

4

Brushing teeth twice a day will benefit your personal appearance and health.

5

Trim your Nails. Long nails can get in the way of working and they can quickly become unsanitary.

Smoking of cigarettes and any kind of electronic devices is very harmful for your health and is strictly prohibited inside of all University Campuses and on the adjacent territory of Campuses.

There are designated areas for smoking next to Main Campus (2, Boryspilska Street) and Clinical Campus (121, Kharkivske Shosse Street).

Always try to be punctual. Respect the time of faculty members and your group-mates by in-time coming for lectures and practical classes.

Stick to the principles of Academic Integrity. Never cheat and submit the words, ideas, images or data of another person as the your own in any academic writing. Never offer or provide a monetary or other benefit to any member of the University for the purpose of gaining academic or other advantage

II. Facilities&Services

We invested a lot to create a **comfortable and modern** environment for you. Please use facilities and equipment **mindfully and carefully**, so all your mates can also take advantage of it.

When using a restrooms, **please never throw any items** of personal hygiene and paper to the toilet. Unfortunately, it often causes clogged pipes which makes it impossible to use restroom for a long time.

Restrooms are located almost on each floor of all Campuses:

1

Main Campus (2, Boryspilska Street):

- 5 restrooms for ladies on 2nd floor;
- 5 restrooms for gentlemen on 3rd floor;

2

Clinical Campus (121, Kharkivske Shosse Street):

- 1 restroom on 1st floor;
- 2 restrooms on 4th floor;
- 2 restrooms on 6th floor;
- 1 restroom on 9th floor.

When you are leaving a facility (study room, meeting room, laboratory, lounge zone etc.) please make sure you left everything **as clean and tidy** as it was when you came.

You are welcome to use student spaces located throughout all Campuses anytime from **9AM till 8PM** Monday to Friday freely.

Student spaces are marked with **ORANGE** color on navigation signs and have the **following titles**:

- self-directed learning rooms;
- tutoring rooms;
- teamwork spaces.

Eating and drinking in study rooms are **prohibited**. But, we have lots of **cozy places** where you can enjoy your favourite meals or discover new culinary delights.

- 1** At Main Campus (2, Boryspilska Street):
 - Student Services Space (1st floor)
 - KMU Cafeteria on 1st floor is coming soon!
- 2** At Clinical Campus (121, Kharkivske Shosse Street):
 - Lecture Hall – when not occupied (1st floor);
 - Casual areas with sofas (4th and 7th floor).

- 3** Outside of Campuses:
We really recommend “Sultan” cafe located on 7/13 Sevastopolska Street, just 5 min walking from Main Campus and 15 minutes walking from Clinical Campus.

NB: Make sure you
type "I", "L" and "
"M" in CAPS letters

III. COVID-19 response

Nevertheless, our way of living and studying finally seems to become usual, but Coronavirus is not gone yet and you must follow a set of simple rules that reduces the risk for you and your mates:

Wear **face mask** at all University Campuses and Facilities.
Try to change your mask once **in 3 hours**.

Avoid handshaking, hugs and any other close contact with people. **Wash hands** with soap and use **hand sanitisers** which we have on each floor of all Campuses.

If you have fever, cough or any other possible symptoms of COVID-19, **please do not panic!**
Immediately Inform the Dean's Office **by filling the online form** and isolate yourself.

To find out more about Coronavirus response, please visit the COVID-19 page on our web-site.
