Survey of Graduates of the “Dentistry” Educational Program Regarding the OSCE (Clinical Skills Assessment)

Dear students,

We kindly ask you to answer questions regarding the OSCE (Clinical Skills Assessment) at the Kyiv Medical University. This exam, together with KROK-2, is one of the most objective criteria for evaluating the professional competence of future doctors.

Your opinion is extremely important to us. The information collected will help improve educational programs, enhance the quality assurance system, and strengthen components of academic integrity.

The survey is anonymous, and it is impossible to trace the email addresses from which responses are submitted. Your answers will be used only in aggregated form.

We sincerely thank you for your time and cooperation!

Was information about the OSCE station passports available to you on electronic resources (educational portal, department websites, Google Classroom)?

Yes / No

- Department of Therapeutic Dentistry, Periodontology, and Pediatric Therapeutic Dentistry
- Department of Prosthetic Dentistry and Orthodontics
- Department of Surgical Dentistry and Maxillofacial Surgery

Did the graduating departments conduct training sessions based on OSCE clinical scenarios during your studies at the relevant departments?

(1 – not at all, 5 – regularly)

- Department of Therapeutic Dentistry, Periodontology, and Pediatric Therapeutic Dentistry
 - Department of Prosthetic Dentistry and Orthodontics
 - Department of Surgical Dentistry and Maxillofacial Surgery
-

Did you attend OSCE rehearsal sessions before the exam?

Yes / No

Please rate the organizational measures for conducting the OSCE at the University

(e.g., compliance with regulations, clear identification, organizational support, convenience of route sheets, conducting briefings and debriefings, etc.)

(1 – unsatisfactory, 5 – excellent)

How clear were the instructions and requirements for completing the OSCE for you?

(1 – completely unclear, 5 – fully clear)

How clear were the assessment criteria for the OSCE for you?

(1 – completely unclear, 5 – fully clear)

Did the examiner intervene during your OSCE station performance?

Yes / No

- Department of Therapeutic Dentistry, Periodontology, and Pediatric Therapeutic Dentistry
 - Department of Prosthetic Dentistry and Orthodontics
 - Department of Surgical Dentistry and Maxillofacial Surgery
-

Did the examiner ask clarifying or control questions during your OSCE station performance?

Yes / No

- Department of Therapeutic Dentistry, Periodontology, and Pediatric Therapeutic Dentistry
- Department of Prosthetic Dentistry and Orthodontics

- Department of Surgical Dentistry and Maxillofacial Surgery
-

Did the examiner provide guidance on the procedure during your OSCE station performance?

Yes / No

- Department of Therapeutic Dentistry, Periodontology, and Pediatric Therapeutic Dentistry
 - Department of Prosthetic Dentistry and Orthodontics
 - Department of Surgical Dentistry and Maxillofacial Surgery
-

Did the examiner announce the results of skill assessment during your OSCE station performance?

Yes / No

- Department of Therapeutic Dentistry, Periodontology, and Pediatric Therapeutic Dentistry
 - Department of Prosthetic Dentistry and Orthodontics
 - Department of Surgical Dentistry and Maxillofacial Surgery
-

How comfortable and engaging was it for you to work with tutors (at standardized patient stations)?

(1 – completely uncomfortable, 5 – completely comfortable)

In your opinion, how transparent and objective was the assessment procedure during the OSCE?

(1 – completely non-objective, 5 – completely transparent and objective)
